

FEARS FOR NAVY IF WAR COMES

Chief of Bureau of Ordnance
Points Out Great Danger
That Exists.

NO RESERVE AVAILABLE
FOR THE LARGE GUNS

Target Practice May Be Cut Off
for Lack of Required
Ammunition.

WASHINGTON, May 19.—"Should war break out within the next few years the condition of the Navy will be such as to lead to disaster," is the statement made by Rear Admiral Mason, Chief of the Bureau of Ordnance, Navy department, in a statement to the Secretary of the Navy, calling attention to the reduction in the estimates of the Bureau of Ordnance made by the department and the House committee on Naval Affairs.

Big Reduction Made.
Admiral Mason shows that more than \$12,000,000 has been cut out of the estimates and he described the condition of the bureau "as little short of desperate" for the coming year. He says there is not now and will not be any reserve ammunition available for any of the important guns.

Lack of Ammunition.
It will be necessary probably to discontinue target practice and new ships must be sent into commission without ammunition or ordnance stores. There will be no reserve guns, torpedoes or reserve mines on hand and range finders and the money to buy them are lacking.

After pointing out that Congress provides for increases in the Navy without making provision for additional ordnance and ordnance stores, Admiral Mason says:

Effects Are Evil.
"The evil effects of this practice are accumulative and the resulting lack of efficiency has been increasing steadily for the last few years, until today the situation is so serious that the bureau believes that it would be guilty of the gravest dereliction in the performance of its duty to the people, to Congress and to the department, did it not with the utmost respect, but in plain and unmistakable language place itself on record as having laid the actual facts as they exist before all those who are in a position to ameliorate the very dangerous conditions which now exist."

Golden Wedding Anniversary

JUDGE AND MRS. J. T. BRANDON.

CENTERVILLE, Utah, May 19.—The golden wedding anniversary of Judge and Mrs. J. T. Brandon here was marked with a reception at their home which was one of the most pleasant family events in the history of Davis county. It was a happy gathering, composed of their children and grandchildren, relatives and friends, which greeted these two people upon the day which completed for them fifty years of mutual love, happiness and success, and though they have passed the three score years and ten, they were among the youngest members of the party. The house was very prettily decorated for the occasion and a most excellent dinner was served to their guests.

Judge and Mrs. Brandon were married May 8, 1856, at Centerville, where they have since resided. Both are pioneers of Utah, Mrs. Brandon being a member of the first party to enter Salt Lake valley, while the Judge was a member of the famous Hand Cart company which arrived in Zion about one year later. During their married

life they have witnessed and have assisted the development of Utah from a barren waste to one of the most prosperous States in the great West.

Eleven children have blessed the union of Judge and Mrs. Brandon, seven of whom are living and are among our most successful and progressive young men and women.

Though not a member of the Mormon church, Judge Brandon commands the respect of Mormons and non-Mormons alike. For many years he served as postmaster at Centerville and later was appointed Probate Judge of Davis county, an office which he filled in a most efficient and able manner.

ANTI-GRAFT BILL DEFEATED IN HOUSE

Would Not Stand for Members
of Congress to Be In-
cluded.

WASHINGTON, May 19.—By a vote of 107 to 66 the House today refused to pass the Anti-Graft bill, so-called, dealing with cotton leaks and other matters of a confidential character, which, should they become publicly known, might have a tendency to affect markets, because the conferees had recommended that members of Congress be included within the scope of the bill.

McCall Leads Fight.
The opposition was led by McCall of Massachusetts, assisted by Crumpacker (Indiana), Grosvenor (Ohio), and Gardner (Massachusetts), while the friends of the measure were represented by Burleson (Texas) and Jenkins (Wisconsin).

Democrats Outvoted.
Early in the day the Democrats made their last stand against the Lee bill, and being completely outvoted, desisted from further filibustering, the consideration of the "Anti-Leak" bill taking up the rest of the day.

The Tribune Gives the People's Wants the Largest

.... One of the Most Desirable and Attractive Homes For Sale...

Attractive, commodious house and grounds. See accompanying cut. As stated in preliminary advertisement in Tribune the 13th instant, the house contains 12 conveniently-arranged rooms, cemented basement under entire house. First story built of pressed brick, with stone foundation and trimmings. Second story and a half frame and shingles, with neat scroll work. Basement consists of servants' and furnace room, coal bin and large general storage room. First story large hall and two large connecting parlors, dining-room, kitchen, pantries and closets, three grates and elegant mantles, two mahogany and one oak; neat chandeliers, all finishings hard wood, oak and mahogany. Rooms and hall arranged to open as one compartment. Entire house lighted by electricity, and heated by furnace and five grates. Second floor, hall, four bedrooms, bath, closets, etc. Third, or half story, three large bedrooms, large tank, into which pure, cold artesian water is pumped from fine flowing well on premises by automatic pump for domestic and irrigation purposes. House is in good repair throughout. Large, well-planned barn, four stalls for horses, large carriage-room, hay mow and servants' room, lighted by electricity, and nine large windows. Water in barn. House and barn insured for \$6000.00. Policies will be transferred to purchaser.

The grounds consist of 14 lots, fronting 250 feet on Fifth East Street, the fashionable and popular city drive, 200 feet on Twelfth South Street, also a popular drive, and one of the coming business streets and thoroughfares of the county, and 200 feet on Sixth Avenue. County Commissioners have recently caused this popular street, Twelfth South, to be thoroughly lighted by electricity, and are about completing macadamizing the same, also have caused to be laid a water-main on this street supplied with pure spring water, which I understand can be utilized if it should become necessary. As stated, the lots corner on three streets, namely 5th East, 12th South and 6th Avenue.

Large and well-kept lawns, 14 or more varieties of select young fruit trees now loaded with fruit. Also ornamental shrubs and berries, etc. All protected by varieties of thrifty shade trees.

Entire premises enclosed by neat, substan-

tial fence (iron and picket), mostly new and in first-class repair.

Concrete sidewalks in front of entire premises and through grounds. House is within a half city block of the Waterloo car line. Service every fifteen minutes.

Good local schools and churches near by, and there is now being finished on 12th South Street, only some three blocks distant, one of the finest schoolhouses in the county.

The Country Club and Calder's Park being about same distance, as will be seen, the location is all that could be desired. As to convenience and future advance in value, it will be readily understood that it would take anywhere from 10 to 15 years (the best years of one's life) to build up a similar home and improvements, to say nothing of the annoyance and expense, all of which can be avoided by purchasing this splendid home right

now, ready for occupancy and enjoyment. Owner purchased, added to in area and made extensive improvements with this object in view, but ill health has spoiled all his cherished plans, as owner is admonished that an immediate and radical change of altitude is essential, hence he has decided that he will sell the entire premises for \$11,000.00. The house and barn alone could not be built at present prices for anything

like the price asked for the entire premises to say nothing of the 14 valuable other improvements thereon. Terms made if desired, as owner is selling for reasons stated. Title is perfect and free from all encumbrances. In this connection for reasons stated

I OFFER FOR SALE 14 ACRES OF TIONAL LOTS,

Directly across street and opposite premises in question. Said lots front 250 feet on 5th East Street, 200 feet on 12th South and 6th Avenue, entire plat enclosed by substantial fence, together with shade trees in front of the entire premises. Would subdivide, but much prefer to sell two lots, say 125 by 200 feet each, cornering on 5th East and 12th South, and the other on 6th Avenue. No tax for two fine suburban residences found in the county. Price for the \$5000.00; terms if desired. Title perfect free from all encumbrances.

I ALSO OFFER FOR SALE 14 ACRES OF RODS ON STATE ST.

Near corner of 8th South. As is known, State Street ranks as the business street and thoroughfare in the city and is rapidly forging to the front as a competitor to Main Street. Since I have purchased this property some three years ago the price has advanced over 50 per cent annually, and only a short time ago reported in the papers, a like property on this street, between 7th and 8th South, sold for \$100.00 per front foot. The lots are and have been for years occupied by a large lumber firm, who are paying a rental of \$420.00 per annum. However, provides that lease may be terminated by owner giving lessee six months notice. Will sell this place any time for the present month for \$80.00 per front foot or \$13,200.00. Title perfect and free from all encumbrances.

Parties desiring any further information as to any of the above described property wishing to view the same personally please call on, or address
